

# Full Job Description

## Part Time Math - Science Instructor

Unique part-time teaching opportunity working with at-risk high school aged students in a small setting. If you enjoy teaching and want to focus on helping the students without the bureaucracy of a large public school this could be the right opportunity for you! We are currently in need of instructors with backgrounds in Life Sciences, Earth Sciences, Physical Science and Chemistry and Physics (all science courses can only use soft manipulatives) and Math, especially low-level math courses. No teaching certification needed but real-world experience in your field or prior experience teaching/tutoring one-to-one is preferred. You must go to the DSS web page to understand what our school is about. Your cover letter must make mention to how you will fit in and bring a specialness to this position. If you can teach more than just Math and Science, that ability would be welcomed.

You must submit a cover letter, resume, statement of Faith and sign a Lifestyle statement that is in accordance with DSS's policies and procedures to [Jeff Stecklein](#) , Principal DSS.

About [DenverStreetSchool.org](http://DenverStreetSchool.org)

The Denver Street School is bringing hope, a second chance, and the love of Christ to Denver's at-risk youth through quality education in a safe environment and a supportive network of loving, caring adults. We also offer tutoring and skill-building to students. Founded in 1985, we have seen 200 students graduate from our program and are connected nationwide with the Street School Organization.

Our customized educational approach to students provides an opportunity to meet each student's learning style within an accredited curricula program making a real difference one student, one class at a time. Our instructors are trained to teach with a gradual release approach that allows them to meet students where they are and gently lead students to their fullest potential.

Students attend DSS for multiple reasons including anxiety, learning challenges, attention deficits, emotional or health concerns, at-risk considerations or other individual special needs. Our students look to our instructors for better learning strategies needed for school, life and career success.

### Essential Instructor responsibilities:

- Cultivate a learning relationship that encourages student growth by offering positive, effective ways to encourage and motivate each student
- Demonstrate self-initiative creative thinking to make instruction fun and engaging
- Be "part of the team" and create an organizational culture that promotes learning
- Demonstrate subject area expertise
- Respect student confidentiality always
- Other duties as needed

### Essential experiences and skills:

- 4-year bachelor's degree
- Demonstrates proficiency of technology resources, and curricula
- Experience using G-Suite and Chromebooks preferred
- Positive professional communication skills; written, verbal, and non-verbal
- Able to pass a federal background screening

Teaching in-person at the campus is required. The job duties of this position may change based upon the needs of DSS. Additional administrative duties may be assigned at the discretion of the supervisor. DSS reserves the right to amend and change the responsibilities to meet its operational needs.

DSS is an equal opportunity employer. Our intent is to recruit, hire, and train all persons in all job groups in accordance with the law, without regard to race, color, religion, sex, age, marital status, disability, national origin, sexual preference, or any other protected status.

Job Type: Part-time; pay depends on your qualifications.
